

TUG, HARBOR, DIESEL, 1200 H. P. STEEL, 1 - FT DESIGN 3006
(HULL NUMBERS LT 1936 THRU LT 1977 AND LT 2202)

Reference FEDERAL SUPPLY CATALOG C9100-IL, LO55-1925-204-12-1, 2, 4, 5, 6, 7, 8, TM55-1925-204-12 and TM55-1925-204-34

Intervals are based on normal hours of operations. Adjust to compensate for abnormal operations and severe conditions. During inactive periods, sufficient lubrication must be performed for adequate preservation. Clean fittings before lubricating.

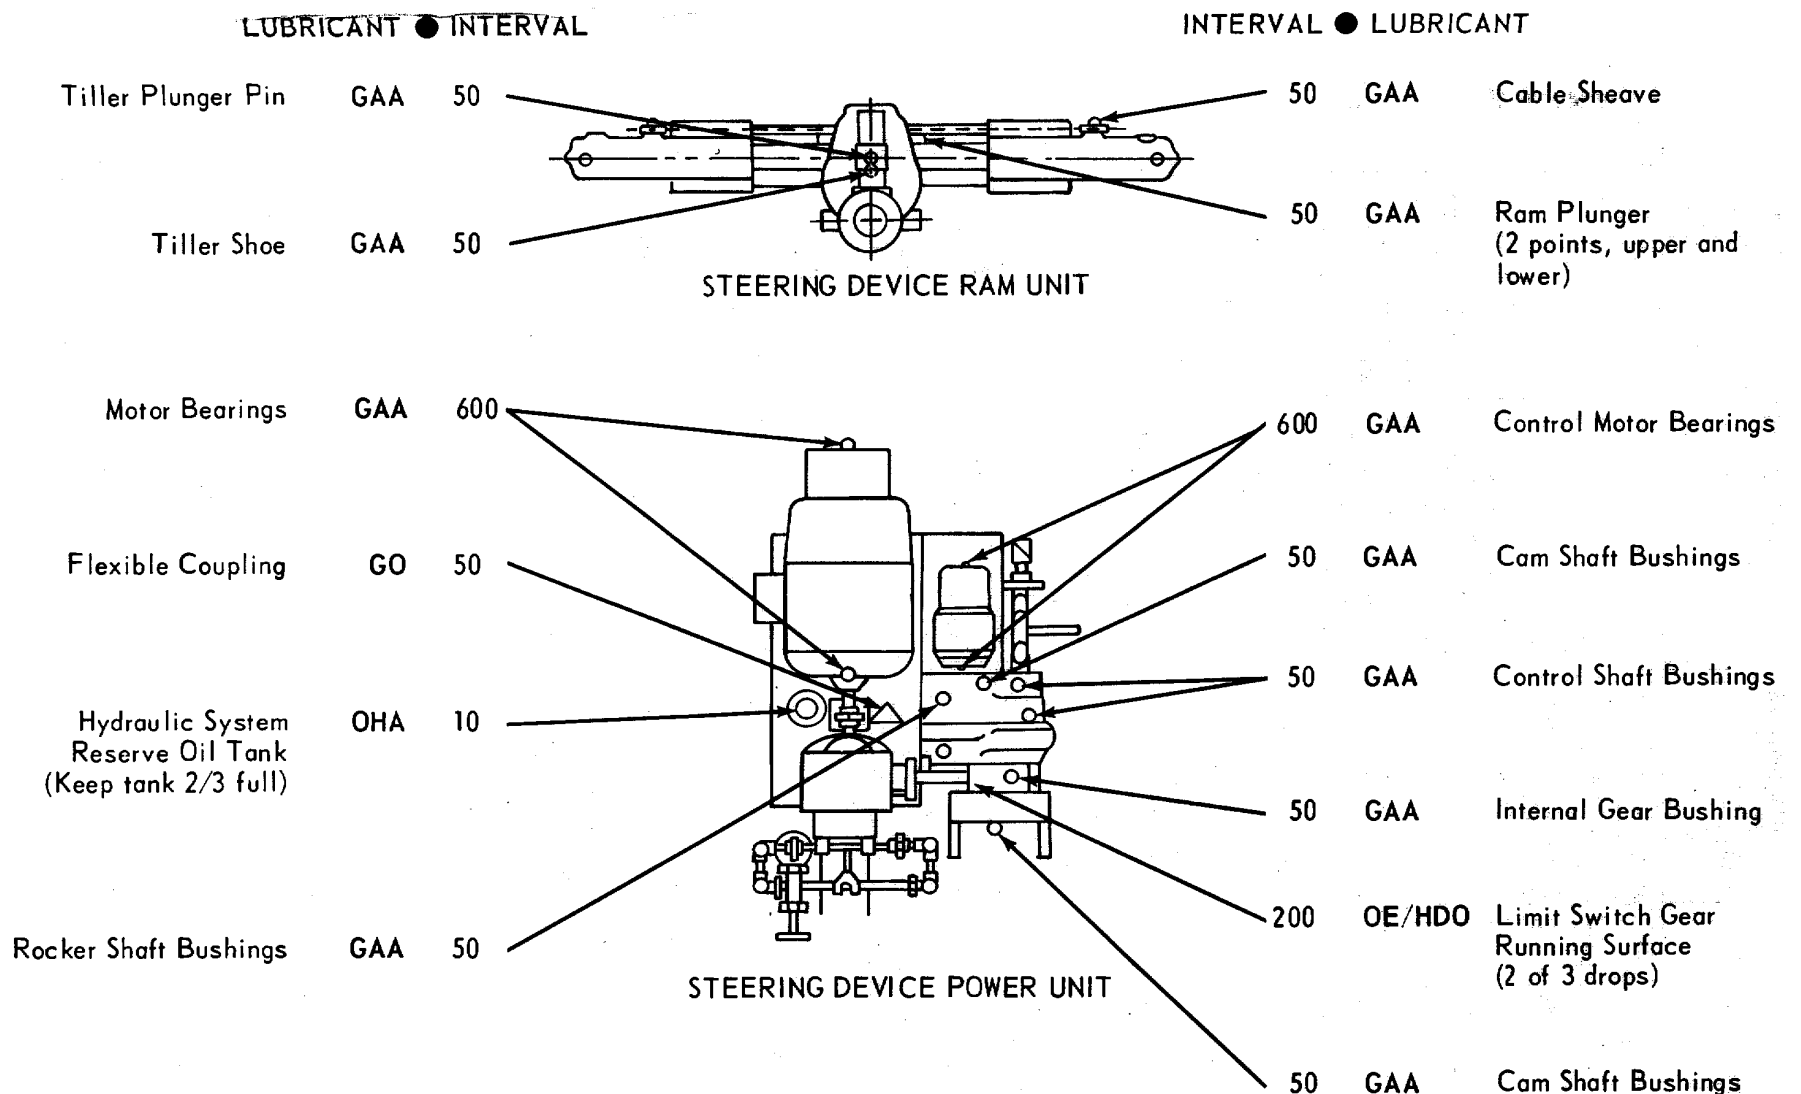

Clean parts with SOLVENT, Dry-cleaning, Type II, (SD-2). Dry before lubricating.

Lubricate points indicated by dotted arrow shafts on both sides of equipment.

Drain wet crankcases, gear boxes and hydraulic reservoirs while the lubricant is still warm from previous use. Refill and check level.

This fine document...

Was brought to you by me:

[Liberated Manuals -- free army and government manuals](#)

Why do I do it? I am tired of sleazy CD-ROM sellers, who take publicly available information, slap “watermarks” and other junk on it, and sell it. Those masters of search engine manipulation make sure that their sites that sell free information, come up first in search engines. They did not create it... They did not even scan it... Why should they get your money? Why are not letting you give those free manuals to your friends?

I am setting this document FREE. This document was made by the US Government and is NOT protected by Copyright. Feel free to share, republish, sell and so on.

I am not asking you for donations, fees or handouts. If you can, please provide a link to liberatedmanuals.com, so that free manuals come up first in search engines:
