AND WHAT SHOULD BE DONE ABOUT IT:

In line 6 of paragraph 2-1a the  
manual states the engine has  
6 cylinders. The engine on my  
set only has 4 cylinders.  
Change the manual to show 4  
cylinders.

Callout 16 on figure 4-3 is  
pointing at a bolt. In key  
to figure 4-3, item 16 is called  
a shim. Please correct  
one or the other.

I ordered a gasket, item  
19 on figure B-16 by NSN  
2 910-00-762-3001. I got a  
gasket but it doesn't fit.  
Supply says I got what  
I ordered, so the NSN is  
wrong. Please give me a  
good NSN

Why do I do it? I am tired of sleazy CD-ROM sellers, who take publicly available information, slap “watermarks” and other junk on it, and sell it. Those masters of search engine manipulation make sure that their sites that sell free information, come up first in search engines. They did not create it... They did not even scan it... Why should they get your money? Why are not letting you give those free manuals to your friends?

I am setting this document FREE. This document was made by the US Government and is NOT protected by Copyright. Feel free to share, republish, sell and so on.
