COMPONENTS OF END ITEM (COEI), BASIC ISSUE ITEMS (BII), AND
ADDITIONAL AUTHORIZATION LIST (AAL) ITEMS FOR
CARRIER, AMMUNITION, TRACKED, M992A1

Section I. INTRODUCTION

1. **SCOPE.** This publication provides an overprinted DA Form 2062 (Hand Receipt), which lists the contents of Components of End Item (COEI), Basic Issue Items (BII), and Additional Authorization List (AAL) items related to the Carrier, Ammunition, Tracked, M992A1.
2. **GENERAL**
 - a. Section II is the overprinted DA Form 2062, which lists the contents of COEI, BII, and AAL extracted from TM 9-2350-287-10. The listings contain the same items and are in the same sequence as those listings in TM 9-2350-287-10.
 - b. The overprinted DA Form 2062 eliminates manual preparation of the form and will assist organizations in inventorying and accounting for property as required by DA Pam 710-2-1.
 - c. Local reproduction of the overprinted DA Form 2062 is authorized. However, organizations shall comply with local policies when reproducing DA Form 2062 by office copying equipment, field printing plant, or duplicating plant facilities.
 - d. Additional copies of this publication may be requisitioned from the U.S. Army Adjutant General Publications Center, ATTN: AGLD-OD, 1655 Woodson Road, St. Louis, MO 63114, in accordance with AR 25-30.
3. **EXPLANATION OF BLOCKS AND COLUMNS ON DA FORM 2062**

 - b. TO. Enter the Unit Identifier Code (UIC) and the hand receipt file number of the unit/personnel receiving the property.
 - c. HAND RECEIPT NO. Enter a locally designated number. Use it to post the location of the property in the property book.

- j. ITEM DESCRIPTION (Column b). Identifies the item contained in the COEI, BII, and AAL. It will also contain nomenclature and serial/USA number (if applicable) that will be useful in identifying and controlling the item. Serial number is to be inserted and initiated on all copies by hand receipt holder. In addition, it will contain the five-digit CAGEC, part number, and "usable on" code, if applicable.
- k. Column c. The Accounting Requirements Code (ARC) is inserted here.

NOTE

The ARC refers to property accountability, not disposal authority. Disposition action and authority for an unserviceable item is governed by the recoverability code (fifth position of the source, maintenance, and recoverability code) assigned to the item in the Repair Parts and Special Tools List (RPSTL).

One of the following will apply:

N	Nonexpendable	Item not consumed in use, retaining its identity during use, and requiring that accountability be maintained throughout the life of the item.
D	Durable	Nonconsumable components of sets, kits, outfits, and assemblies; all tools in federal supply codes 5110, 5120, 5130, 5133, 5140, 5180, 5210, 5220, and 5280; and any other nonconsumable with a price in excess of \$50.00 not already "N."
X	Expendable	Items that are consumed in use, regardless of type classification or price. Includes all class 9 repair parts. Items not consumed in use, costing \$50.00 or less, and not already "N" or "D."

l. SEC (Column d). The Physical Security/Pilferage code is entered here. This is a one-position code that indicates the security classification or pilferage control for storage or transportation of assets. Order of precedence for assignment of codes is "classified," "sensitive," "pilferable," " " and "unclassified," as applicable.

This fine document...

Was brought to you by me:

[Liberated Manuals -- free army and government manuals](#)

Why do I do it? I am tired of sleazy CD-ROM sellers, who take publicly available information, slap “watermarks” and other junk on it, and sell it. Those masters of search engine manipulation make sure that their sites that sell free information, come up first in search engines. They did not create it... They did not even scan it... Why should they get your money? Why are not letting you give those free manuals to your friends?

I am setting this document FREE. This document was made by the US Government and is NOT protected by Copyright. Feel free to share, republish, sell and so on.

I am not asking you for donations, fees or handouts. If you can, please provide a link to liberatedmanuals.com, so that free manuals come up first in search engines:
