REPORTING ERRORS AND RECOMMENDING IMPROVEMENTS

You can improve this manual. If you find any mistakes or if you know of a way to improve these procedures, please let us know. Mail your letter or DA Form 2028 (Recommended Changes to Publications and Blank Forms) located in the back of the manual, directly to: Commander, U.S. Army Aviation and Missile Command, ATTN: AMSAM-MMC-MA-NP, Redstone Arsenal, AL 35898-5000. A reply will be furnished to you. You may also provide DA Form 2028 information to AMCOM via email, fax, or the World Wide Web. Our fax number is: DSN 788-6546 or Commercial 256-842-6546. Our email address is: 2028@redstone.army.mil. Instructions for sending an electronic 2028 may be found at the back of this manual immediately preceding the hard copy 2028. For the World Wide Web, use <https://amcom2028.redstone.army.mil>.

TABLE OF CONTENTS

	Page
Section I. Introduction	1-1
Section II. Hand Receipt	2-1

Section I. INTRODUCTION

1. **SCOPE.** This publication provides an overprinted DA Form 2062 (Hand Receipt) which lists the contents of Components of End Item (COEI), Basic Issue Items (BII), and Additional Authorization List (AAL) items related to the Calibration Set, AN/GSM-705().
2. **GENERAL.**
 - a. Section II is the overprinted DA Form 2062 that lists the line item entry for system/end item and the contents of COEI, BII, and AAL extracted from TM 9-6695-239-14. The listings consist of exactly the same items and are in the same sequence as those listings in TM 9-6695-239-14.
 - b. The overprinted DA Form 2062 will eliminate manual preparation of the form and will assist organizations in inventorying and accounting for property as required by AR 710-2.
 - c. Local reproduction of the overprinted DA Form 2062 is authorized. However, organizations will comply with local policies in the reproduction of DA Form 2062 by office copying equipment, field printing plant, or duplicating plant facilities.
3. **EXPLANATION OF BLOCKS AND COLUMNS (DA FORM 2062).** Refer to DA Pam 710-2-1, chapter 6, for additional information required to complete DA Form 2062.
 - a. **From.** Enter the organization, unit, section, or squad which issues the property.
 - b. **To.** Enter the Unit Identifier Code (UIC) and the hand receipt file number of the unit/personnel receiving the property.
 - c. **Hand Receipt Number.** Enter a locally designated number. Use it to post the location of property in the property book.
 - d. **End Item Stock Number.** Contains the National Stock Number (NSN) of the end item covered by the hand receipt.
 - e. **End Item Description.** Contains the end item short title.
 - f. **Publication Number.** Contains the TM number of the technical manual containing the operator/crew instructions for the equipment.
 - g. **Publication Date.** Date of the operator/crew technical manual.
 - h. **Quantity.** Quantity of the end item covered by this hand receipt.
 - i. **Stock Number (Column a).** NSN of the item described. Item without stock number should be requisitioned by Commercial and Government Entity Code (CAGEC) and part number with exception data in accordance with AR 710-2.
 - j. **Item Description (Column b).** Describes the end item, including the make or model, and the serial/USA number, followed by item description of COEI, BII, and AAL items. In addition, it contains the five-digit CAGEC, Part Number (P/N), and Used On Code (UOC), if applicable.

For the AN/GSM-705 systems, there are no different models only variations of the components. The only two variations, a carry over from ARMY legacy hardware (971 Semi-trailer Vans), within the AN/GSM-705 systems are the components of the aircraft loading equipment needed for loading the AN/GSM-705 onto a C130, C141, or C5 aircraft with use of 40K-Loader. These variations have been given the following designations, Type 1 and Type 2 and will be shown in similar fashion as the UOC on hand receipts to the far right in column b, Item Description for that particular component. Refer to the figures in Appendix B of TM 9-2330-362-14 & P for these components.

k. (Column c). The Accounting Requirements Code (ARC) is provided here. One of the following ARCs will apply:

NOTE

The Accounting Requirements Code (ARC) refers to property accountability, not the Recoverability Code (RC). The ARC and the RC are listed in the Army Master Data File (AMDF).

- (N) - Nonexpendable: Items not consumed in use, retaining their identity during use, and requiring that accountability be maintained throughout the life of the item.
- (D) - Durable: Nonconsumable components of sets, kits, outfits, and assemblages; all tools in Federal Supply Codes (FSCs) 5110, 5120, 5130, 5133, 5136, 5140, 5180, 5220, and 5280; and any other nonconsumable with a price in excess of \$50.00 not already N.
- (X) - Expendable: Items, regardless of type classification or price and which are consumed in use. Includes all class 9 repair parts and items not consumed in use which cost \$50.00 or less and not already N or D.

l. SEC (Column d). The Controlled Inventory Item Code (formerly SEC code) is entered here. This is a one-position code which indicates the security classification or pilferage controls required for storage or transportation of assets. Order of precedence for assignment of codes is classified, sensitive, pilferable, or unclassified, as applicable. Codes applicable to this hand receipt are as follows:

SEC CODE	CONTROLLED INVENTORY ITEM CODE
U	UNCLASSIFIED PILFERABLE ITEMS.
M	Hand tools and shop equipment.
J	Pilferable item, due to its size, shape, utility, which does not fall under one of the above categories. Pilferage controls may be designated by the coding activity to items coded U (unclassified) by recoding the items to J.

- m. UI (Column e).** Unit of Issue. Refer to AR 708-1 and/or CDA Pam 18-1 (Catalog Data Activity) for explanation of abbreviations used in this column.
- n. QTY AUTH (Column f).** The quantity authorized to be on hand, or part of the end item.
- o. Quantity (Column g).** Actual quantity on hand. Subcolumns A through F are to be filled in by the receiving unit/personnel in accordance with DA Pam 710-2-1, chapter 6.
- p. Page ___ of ___ Pages.** Contains page number and total number of pages for the COEI, BII, and AAL portions of the hand receipt. Hand receipt holder will initial each page number (only when two or more forms are involved). When hand receipt holders change, the old initials will be lined out, and the new hand receipt holder will initial each page.

4. AUTHORIZATION DOCUMENTS.

- a.** Components of End Item (COEI) are authorized by the applicable Repair Parts and Special Tools List (RPSTL).
- b.** Basic Issue Items (BII) are authorized by the applicable operator's manual.
- c.** Additional Authorization List (AAL) items are authorized by the appropriate MTOE, TDA, CTA, or JTA authorization documents.

5. SPECIAL INFORMATION. Items coded (.) indicate information is not available.

This fine document...

Was brought to you by me:

[Liberated Manuals -- free army and government manuals](#)

Why do I do it? I am tired of sleazy CD-ROM sellers, who take publicly available information, slap “watermarks” and other junk on it, and sell it. Those masters of search engine manipulation make sure that their sites that sell free information, come up first in search engines. They did not create it... They did not even scan it... Why should they get your money? Why are not letting you give those free manuals to your friends?

I am setting this document FREE. This document was made by the US Government and is NOT protected by Copyright. Feel free to share, republish, sell and so on.

I am not asking you for donations, fees or handouts. If you can, please provide a link to liberatedmanuals.com, so that free manuals come up first in search engines:
